

Electrical Enclosure Accessories

IP-PLINTH

STEEL

Standard Height: 100mm

IP Enclosures provides a range of plinths (bases) for steel electrical enclosures. Plinths are 100mm high and sized to suit standard wall-mounted electrical enclosures. They are provided with holes in the top flange to fasten to electrical enclosures, and holes in the bottom flange to anchor into concrete.

Material:

- Body: 2.0mm Galvanised steel sheet

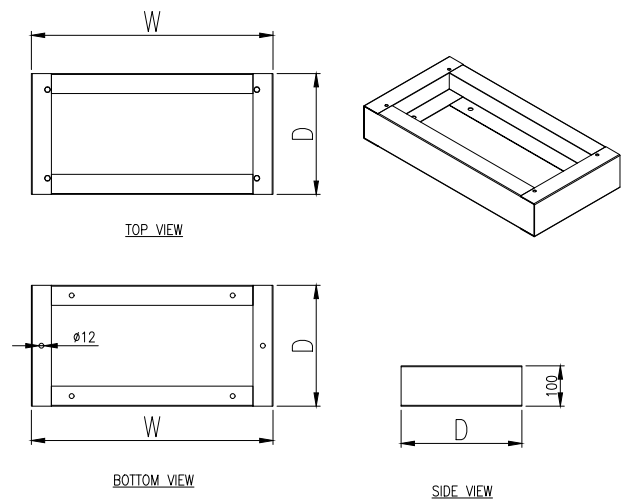

Body: The body is fabricated from 2.0mm Galvanised steel sheet. It is provided with holes in the top flange to fasten to electrical enclosures and holes in the bottom flange to anchor into concrete.

Surface Treatment: UL approved AkzoNobel epoxy polyester powder coated with a textured finish, 80-120 micron average thickness.

Standard Colour: RAL7035 Light Grey. (Coloured plinths including T33 Smoke Blue, Black, Orange and Red are also available to suit coloured electrical enclosures).
